All-In-One Driving Trials at the David Broome Event Centre

2011 / 2012 Dates

All In One Events (Autumn-Spring)

Sunday, October 30th Sunday, November 27th Christmas Special, Saturday December 17th
Sunday, January 8th Sunday, February 5th Sunday, March 4th

Entry Fee: Just £20

All In One Events

Using only All Weather Arenas for the three phases of the event, including warming up, these events allow drivers to complete all three phases in one run! When you arrive, you can immediately walk the cones and the two obstacles (which will be driven twice each). You can then watch others compete in any of the phases before embarking on your own run.

Once harnessed up and warmed up, you drive your dressage test. You then move to the main All Weather arena for the cones and obstacles. As there are plenty of spaces available to warm up, you can spend as long as you like warming up, before your time comes for your cones and then the obstacles. There will be two obstacles (that you have walked before) that you drive twice.

Having completed all the stages, return to your lorry and pack up. The Final presentation will be held in the Lorry Park.

Classes

(1) Novice Pony, (2) Novice Horse, (3) Open Pony, (4) Open Horse, (5) Multiples
Classes may be split / combined dependent on entry numbers. 125cm wheel width.

Phases and Rules

We will be running under current Indoor Driving Rules, and each class is a qualifier for the National Finals held at Keysoe.

P&P Current Indoor Driving Test. Driven in a 48m x 20m arena, marked on Paces and Precision.

Cones Up to 10 sets of cones, possibly including a bridge. Time is 220m/min, with penalties for completing over **or** under time. Cone down- 5 penalties, time- 1 per second over/under time.

Obstacles With so much space available, obstacles can be built very open and flowing. Of course, there will be tight routes for the more ambitious! Scoring is one penalty per second inside each obstacle.

Arena Challenge

Based on the Indoor International event that takes place at Keysoe each year, in the afternoon of All-In-One events we aim to run an event exclusively for FoDDTG members. Entry is just £10 and includes two rounds of the combined obstacle and cones course. Each cone down will count as a 5 second penalty. Each round will take approximately 1 minute to complete and the winner will be the driver with the lowest combined time over the two rounds. The classes will be split into just two classes, singles and multiples.
